DUTY OF CARE

Playmates management, staff and volunteers work within current law to ensure we provide the best possible experience for your child, and to protect their safety and welfare.

We work with local Partners who we may refer to should we have a safeguarding concern, meaning that circumstances have led us to believe your child may be subject to emotional, sexual, physical harm or neglect. Or if you or your child have extremist views or appear vulnerable to radicalisation. In most cases, we would always discuss our concerns with you in the first instance.

Policies and Procedures

Our policies and procedures are always on display and there for you to view and discuss with us. Please always feel free to raise any concern you may have no matter how slight. Your worry is our worry; we value your trust and our sharing of information. Please be assured we will always keep you fully informed.
